## Only your fantasy could be a limit.

New Big Frame

New Only White

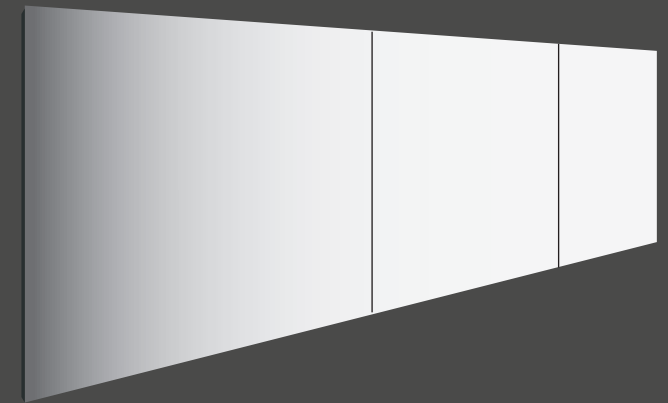

Our product gives news opportunities to museum, entertainment and show environments. New Big Frame and New Only White allow practical and fast installations which do not require building work or specialized working teams.

The screens are modular hence the combinations are changeable, can be disassembled and re-designed.

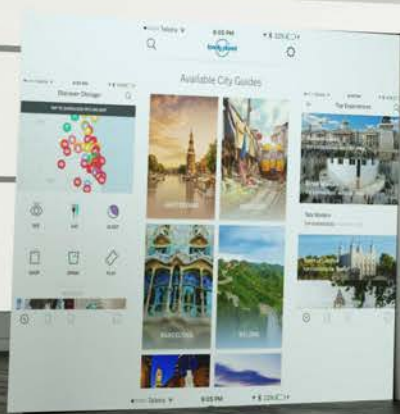

This is a distinctive characteristic which brings a great added value and ensures:

- economical saving
- versatility
- practicality
- high quality results
