SCREENLINE
the screen makes the difference

➤ Add & Shape ◀

Screenline has designed and built a new big sized screen with modular system, suitable for fast and practical applications in museum installations, theatres and exhibitions. Using the same structure, the different possibilities of installation are numberless.

New Big Frame

Base from 450 cm up to 1600 cm

Fast

New frame with arrow borders. Easily installed thanks to the snap-on fabric positioned inside the dedicated groove, replacing the slow installation of the old eyelet frames.

Smart

5 fixing grooves allow coping with the stretching and shrinking of the fabric.

Clean

No more spots or abrasions on the fabric. Now the placement of the fabric is made side up.

New Only White

Base from 450 cm up to 1600 cm

**Full
Vision**

Simply white, perfectly flat and clean, New Only White stands out for its elegance and harmony in any application, satisfying the requirements and tastes of the most demanding client.

Fast and clean installation remains an absolute prerogative of this new screen even though its main quality is beauty.

Only your fantasy could be a limit

Our product gives new opportunities to museum, entertainment and show environments.
New Big Frame and New Only White allow practical and fast installations which do not require building work or specialized working teams.

The screens are modular hence the combinations are changeable, can be disassembled and re-designed.
